## CAD Drafter (Civil)

**Yeats is a Consulting company providing services** in civil, structural, water and infrastructure engineering, project delivery, approvals management and environmental science. Formed in 2006, the company's capabilities are rapidly growing and include preliminary planning, environmental assessments and approvals, feasibility analyses, detailed engineering design and major infrastructure works.

The company has offices in Brisbane, Melbourne, Gold Coast, Mackay and Gladstone. Yeats provides services to both private industry and Local and State Government across Queensland, Victoria and New South Wales.

We have an opportunity for a suitably experienced CAD Drafter to join our Gold Coast Civil department.

The position is working primarily on projects in SE Queensland and Northern NSW, with the opportunity for involvement on national or international projects as they arise. You will have excellent opportunities for career and professional development, working across a variety of projects, and interacting with many disciplines. So if you are interested in joining an experienced civil engineering team, who are dedicated to providing the best engineering solutions and client outcomes in a relaxed working environment, then Yeats is the place for you.

### Primary Functions

- CAD Drafting of various civil engineering projects to meet the requirements of the supervising Project Engineer and/or Technical Officer;
- Ability to prepare drawings for all aspects of civil engineering including but not limited to earthworks, roadworks, stormwater drainage, sewerage reticulation and water reticulation;
- General design office duties;
- Preparation and maintenance of document control; and
- Maintaining industry awareness.

### Qualifications

Tertiary qualifications in CAD Drafting and/or Civil Engineering would be an advantage but not essential.

### Specific Skills and Experience

- Minimum 2 years experience in CAD drafting of civil engineering projects;
- Knowledge and experience with AutoCAD and MS Office software packages;
- Knowledge and experience with 12D would be an advantage but not essential; and
- Knowledge and understanding of the Qld Dept of Main Roads, RTA and local authority design guidelines would be an advantage.

### Personal Competencies

- Ability to work in a team environment
- Excellent written and verbal communication skills
- Self motivated
- Willingness to learn
- Demonstrate effective time management

A competitive salary package will be offered to the suitable applicant, based on qualifications, skills and experience.

Ideally applicants will have all of the skills and competencies above, but candidates who satisfy most of these requirements are still encouraged to apply.

Please email your covering letter and current CV to [hr@yeats.com.au](mailto:hr@yeats.com.au)
